would be bringing the

himself was pledged

were not levied in other

that, the abolition of

The Vice-President
also pointed out that
the

the duty on tobacco & see was sayer and went duly to Government, so that the Municipality had not the power of remitting the tax. Eventually, it was unanimously decided that the duties could be remitted, for the present, only on the articles given in the above resolution.

III. Read Secys: Docket no 2381/67 dated the 18th June 1886 and the report of the Sub-Committee about the appointment of a Town Overseer.

The names of the Candidates selected by the Sub-Committee were laid before the Board. The Members voted in favour of M. Narasinga Iyengar Local A/c'

The Vice-President proposed an amendment to the Effect that the present arrangement, which consists of a Muleady and a Sanitary Inspector on Salary Rs 10 & 15 respectively, be continued, as these Servants have Satisfactorily Carried out the work of the Municipality. and have proved themselves Competent and useful.
